1	13	A Case Study on CDIO Implementation at University of Information Technology - Viet Nam National University, Viet Nam	Vu Thanh Nguyen , Trinh Quoc Son and Phan Trung Hieu	CDIO Projects in Progress	Poster
2	23	It is Possible to Adapt CDIO for Distance and Online Education?	Terry Lucke , Lyn Brodie, Ian Brodie and Siegfried Rouvrais	CDIO Projects in Progress	Podium
3	26	Investigation of the Geosocial Obstacles in the Curriculum Development of Civil Engineering Programs	Nguyen Thang Chien, Nguyen Duong The, Tran Van Duc and Duong Chau Minh	CDIO Projects in Progress	Poster
4	27	Learning through Design-implement Experiences – a Literature Review	Jonte Bernhard , Kristina Edström and Anette Kolmos	CDIO Projects in Progress	Podium
5	51	Transition from Outcome Based Education to CDIO Based Education	K. Kalidasa Murugavel	CDIO Projects in Progress	Poster
6	59	Assessment Method of the Competencies of Industrial Engineering in an Interdisciplinary Project	Lucio Verardo JR , Messias Silva, José Lourenco JR, Carlos Herculano, Epaminondas Soares JR, Henrique Sampaio and Jorge Rosa	CDIO Projects in Progress	Poster
7	60	Evolution of Electronic Examination at Turku University of Applied Sciences	Matti Kuikka	CDIO Projects in Progress	Poster
8	67	What is innovation in Innovation Project?	Riikka Kulmala	CDIO Projects in Progress	Poster
9	83	Evaluating Engineering Notebooks	Joseph Timothy Foley	CDIO Projects in Progress	Podium
10	84	CDIO-Based Curriculum Design and Evaluation—A Case Study of Feng-Chia University	Bor-Tyng Wang, Ching-Yi Lee , Chuang-Chien Chiu , Chun-Wen Teng, Pei-Chun Hsieh and Hsin-Hui Wu	CDIO Projects in Progress	Poster
11	87	An Implementation of CDIO Educational Concept in Undergraduate Engineering Practice	Yuanyuan Huang, Juan Wang, Luqiao Zhang , Shibin Zhang and Fei Li	CDIO Projects in Progress	Podium
12	94	Exploration and Practice of Innovative and Entrepreneurial Talent Cultivation	Tao Wen , Quang Guo, Yingqiu Li and Changning Ren	CDIO Projects in Progress	Podium
13	106	LEGO Serious Play Meets CDIO	Frieda Woldhek	CDIO Projects in Progress	Workshop
14	114	Developing Self-assessment Rubrics in Design Thinking based Activity: The Learning Express SP-RMUTT	Piyanut Jingjit , Natha Kuptasthien and Chih Wee Siow	CDIO Projects in Progress	Poster
15	117	Pedagogical Patterns as a Facilitator for Change	Angelo Martins , Eduarda Pinto Ferreira and António Costa	CDIO Projects in Progress	Poster
16	124	Embedding CDIO Approach for Freshman Project at Feng Chia University in Taiwan	Ching-Yi Lee , Bor-Tyng Wang, Bing-Jean Lee, Jerry J Wu, Chun-Wen Teng and Yu-Hui Chang	CDIO Projects in Progress	Poster
17	131	A Message Encrypted in a 3D-Printed Snowflake	Lauren Jatana and Marjan Eggermont	CDIO Projects in Progress	Workshop
18	132	Embedding Design-Build Experiences into Environmental Engineering Programs	Phuong T M Nguyen and Tan N Tran	CDIO Projects in Progress	Podium
19	150	Developing Personal and Interpersonal Skills: The Case of UCN	Carolina Rojas, Marcela Ziede , María Hilda Flores and Ruth Segovia	CDIO Projects in Progress	Poster
20	154	Teaching and Learning Considerations for a Research-intensive University Implementing Active Learning	Kjell Staffas	CDIO Projects in Progress	Podium
21	160	CDIO Framework Implementation in Business Computer Program	Youthachai Lertworapachaya , Thirawat Mueansichai and Natha Kuptasthien	CDIO Projects in Progress	Podium
22	164	Developing the Integrated Curriculum in Introduction to Engineering Course	Erdenekhuu Norinpel, Khshigjargal Gonchigsumlaa , Uranchimeg Tungalag, Erdenetuya Dorj and Uuganbayar Purevdorj	CDIO Projects in Progress	Podium

#	ID	Title	Authors (bold = registered participant)	Track	Presentation Format
23	166	Interdisciplinary Entrepreneurship Education at Turku University of Applied Sciences	<i>Jaana Kallio-Gerlander and Sari Asteljoki</i>	CDIO Projects in Progress	Poster
24	176	Excellence in Action – A Case Study about Project Module in Engineering Studies	Sakari Koivunen	CDIO Projects in Progress	Poster
25	179	Developing Leadership Skills through the Development of Self-knowledge and Self-awareness	<i>Hernán Silva, Marco Gómez and Solange Loyer</i>	CDIO Projects in Progress	Poster
26	202	Enhancing Attainment of Learning Outcomes through Active Learning	A. Abudhahir, K.V.D. Kishore Kumar, P. Sarasu and K.R. Anne	CDIO Projects in Progress	Poster
27	203	CDIO Implementation Experiences at VTU – Chennai	K.R. Anne, R. Mahalakshmi, P. Sarasu and A. Abudhahir	CDIO Projects in Progress	Poster
28	205	Enhancing Teamwork Skills: Empirical Evidence for Training Program and Demo	<i>Genevieve Hoffart, Thomas O'Neill, Nicole Larson, Marjan Eggermont and William Rosehart</i>	CDIO Projects in Progress	Workshop
29	208	Introduction of the CDIO Framework at the Military Institute of Engineering in Brazil	Jorge Cerqueira, André Rezende, Waldemar Barroso Magno and Svante Gunnarsson	CDIO Projects in Progress	Podium
30	209	Instructional Video on a Shoestring, or More	Rick Sellens and Ronald Hugo	CDIO Projects in Progress	Workshop
31	210	Real-world Engineering Projects in a Master Level Course	Johan Renner, Magnus Andersson, Karl Storck and Petter Ekman	CDIO Projects in Progress	Podium
32	211	8 Years of Nordic Five Tech Peer Evaluation	Anna-Karin Högfeldt, Birgitte Lund Christiansen and Nils Rune Bodsberg	CDIO Projects in Progress	Podium
33	212	On the Evolution of a Design-Build Introductory Course in ICT Education: Product Development	Paula Steinby and Timo Tolmunen	CDIO Projects in Progress	Podium
34	213	Cross-continental Engineering Faculty Development in Higher Education	Anna-Karin Högfeldt and Margareta Bergman	CDIO Projects in Progress	Podium
35	214	Applying the CDIO Framework for Programme Modernization: TPU Example	Anastasia Kriushova, Marina Tayurskaya, Gleb Benson and Yuri Daneykin	CDIO Projects in Progress	Podium
36	215	Teaching Philosophy Game - a Way to Clarify Values, Attitudes, and Preferences Related to Teaching	Birgitte Lund Christiansen, Claus Thorp Hansen and Lars Bogø Jensen	CDIO Projects in Progress	Workshop
37	216	The Umbrella Course Teaching Method	<i>Lisbeth Lindbo Larsen and Thomas Winther</i>	CDIO Projects in Progress	Poster
38	217	Student Perception and Level of Implementation of CDIO Principles in Individual Final Year Projects	Sarah Junaid, Paul C. Gorman, Laura J. Leslie and Mark Prince	CDIO Projects in Progress	Podium
39	218	First Year Engineering Students' Perceptions of Professional Skills Development	Nicoleta Maynard and Dawn Bennett	CDIO Projects in Progress	Poster
40	219	Create Driving Force in your Teaching through Work-related Activities	Sara Nyberg and Ulrika Edlund	CDIO Projects in Progress	Poster
41	221	Cross Domain Software Based Innovation Enhancement by Merging Education and Industry in a Single Spectrum	<i>Gandhi Karuna K.T., Koteswara Rao Anne, Sarasu P and Abudhahir A</i>	CDIO Projects in Progress	Podium
42	222	Electronics Workshop - an Activating Learning Environment for Students of Diverse Backgrounds	Mauri Suhonen, Timo Tolmunen, Jussi Hurri and Lassi Junnila	CDIO Projects in Progress	Poster
43	223	Enhancing Students Critical Thinking for Resource Management through Feedback	Roland Gärdhagen and Hossein Nadali Najafabadi	CDIO Projects in Progress	Poster
44	224	Case: Introduction to CDIO, First-year Chemical Engineering Studies	Hanna Hänninen, Taina Hovinen and Sari Loppela-Rauha	CDIO Projects in Progress	Poster

#	ID	Title	Authors (bold = registered participant)	Track	Presentation Format
45	225	Improving Written Communication Skills in Engineering Programs	Magnus Andersson , Hossein Nadali Najafabadi and Joakim Wren	CDIO Projects in Progress	Poster
46	226	Engineering Program Development Using Business Modelling and CDIO as Enablers	Mirka Kans	CDIO Projects in Progress	Poster
47	227	CDIO – A Convergence Point for Academia and Companies	Diana Saplacan , Pekka Silvén and Daniel Einarson	CDIO Projects in Progress	Podium
48	228	Risks of Incorrect Pass-fail Decisions Associated with Assessment Uncertainty	Wojciech Toczek	CDIO Projects in Progress	Poster
49	230	Case-study: Self-evaluation of Educational Programs and an Academic Learning Organization	Diana Saplacan , Daniel Einarson and Pekka Silvén	CDIO Projects in Progress	Podium
50	231	Using a Quadrocopter as the Driving Force to Prepare Thesis	Bengt Molin	CDIO Projects in Progress	Poster
51	232	Short Lecture Demonstrations Improving Student Motivation and Learning	Ingrid Andersson , Johan Hedbrant and Joakim Wren	CDIO Projects in Progress	Poster
52	234	Global Entrepreneurial Engineers - The Role of CDIO	Natalie Lloyd and Esther Matemba	CDIO Projects in Progress	Workshop
53	235	Students' Role in Alea Math Game Project	Hazem Al-bermanei , Mika Luimula and Anu Tuominen	CDIO Projects in Progress	Poster
54	236	Integrated Learning through an Intensive Course on User Experience	Markku Karhu , Kaisa Väänänen and Yue Fu	CDIO Projects in Progress	Poster
55	237	Understanding the Effects of Math and Programming Self-efficacy	William Lucas , D. Wallace, M. Abu-Sbeih, M.A. Balah, and N. Al-Shayea	CDIO Projects in Progress	Poster
56	238	Visualization in Learning and Teaching of Electric Power Distribution Systems	Juhani Rouvali , Jarkko Lehtonen and Pasi Puttonen	CDIO Projects in Progress	Poster
57	239	Creation of a Renewable Energy Training Center in Morocco	Anas Bentamy , Sallem Koubida and Chafiq Abdelghani	CDIO Projects in Progress	Podium
